The Tiffin Education Fund

Over many years the generosity of parents has helped us provide a wide range of opportunities and activities for all students to broaden and enrich their education. From the performing arts to the sports field, in the classroom and beyond the school, the Tiffin Education Fund has been the cornerstone of the provision of an outstanding education.

With public funding of state schools under constant pressure, parental contributions have proven vital in sustaining an education provision that remains uniquely diverse and of a high standard to benefit all students.

The Tiffin Education Fund is a fund held within the Tiffin Foundation, registered charity number 312997, which has been set up to ensure that your voluntary contributions benefit every student in some way.

Every contribution you make to the Tiffin Education Fund makes a significant difference to our School. With your financial support we can offer these excellent opportunities for the benefit of all students:

A better place to learn

The Tiffin Education Fund contributes to our building improvement plan and the enhancement of the learning environment of our School. The Learning Resource Centre and the recent additional specialist teaching facilities for the Sixth Form are examples of such projects. Further developments have included the updating of our laboratories; the new MUGA and cricket nets; and the refurbishment of the facilities in the School Hall which has helped to support drama, music and House activities. This much improved environment benefits all students. Our next projects will be a new Dining Hall and further development of our sports facilities.

Wider opportunities

Tiffin students benefit hugely from the Tiffin Education Fund supporting a comprehensive programme of wider opportunities including sports, music and performing arts. There is a range of clubs and activities that are directly funded by the Tiffin Education Fund. These societies and outdoor activities can operate due to the provision of resources such as minibuses from the fund. Whatever your son's choice from our wider opportunities programme, the Tiffin Education Fund is there to provide this rich menu of activities to carry your son forward in his education and enhance his enjoyment of life at Tiffin School.

Academic excellence

The Tiffin Education Fund helps us to extend the academic programme within the school. Not only are we able to offer a wider curriculum and additional learning resources, we are constantly improving our ICT infrastructure. Our Virtual Learning Environment extends the benefits of flexible learning and accessibility of information to students, parents and staff, and the educational opportunities we offer have been further enhanced by our fantastic and highly effective new wireless network.

your investment in their future

For further information on the Tiffin Education Fund and how it is spent each year, please go to www.tiffin.kingston.sch.uk and click on the Tiffin Education Fund link.

Alternatively, you can contact Mike Gascoigne, Headteacher, on 020 8546 4638 or by emailing office@tiffin.kingston.sch.uk.
