## Young Carers Policy

Governor's Committee Responsible	Safeguarding Governors
Status	Non-Statutory
Review Cycle	Annual
Date written/last review	March 2024
Date of next review	March 2025

At Tiffin School we believe all young people have a right to an education, regardless of their situation at home. When a young person has a caring responsibility, they may need extra support to help them get the most out of school.

We define a Young Carer as a young person who has caring responsibilities for a family member with a disability, health condition or substance misuse issue. Young carers may provide physical care, personal care, help with medication or practical tasks, or provide emotional support.

This policy outlines how we will seek to identify, raise awareness of and offer support to any pupil who looks after someone at home.

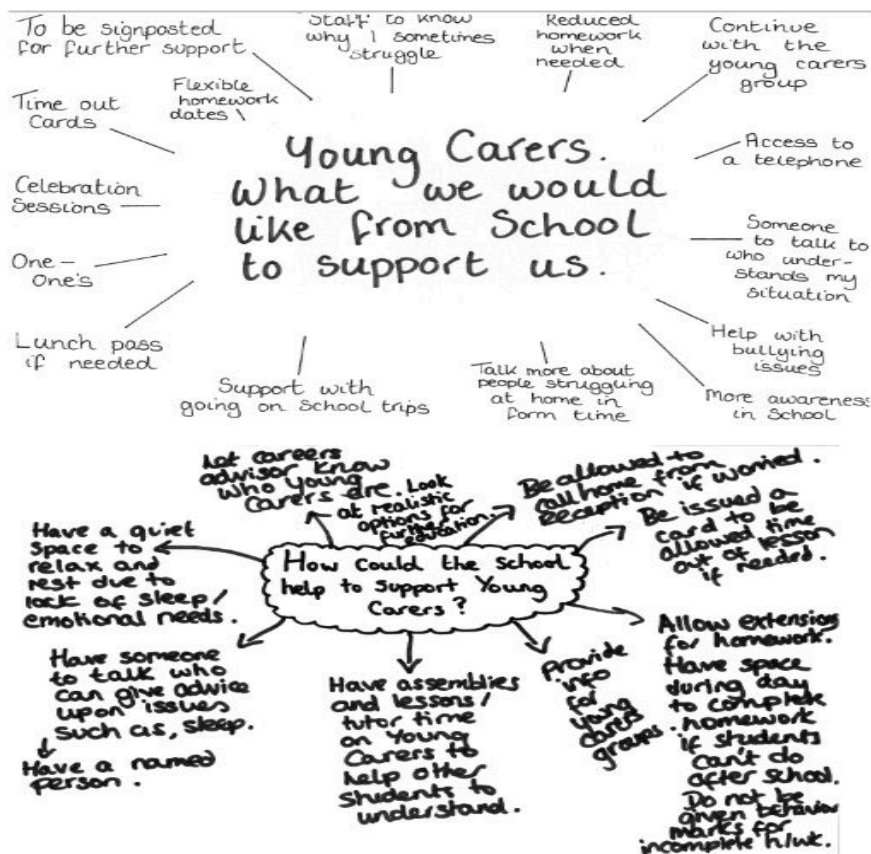

## AIMS

1. To address any underlying disadvantages between young carers and other students
2. To address the progress and raise the achievement of young carers
3. To raise awareness of young carers among staff and to ensure the identification of all young carers as early as possible on entry to the school
4. To ensure that young carers feel as included and supported within their school community as possible
5. To foster respect and understanding towards young carers among all students
6. To ensure that young carers take as full a part as possible in all school activities
7. To ensure that young carers are involved in discussions and decisions affecting young carer provision
8. To ensure that young carers have access to appropriate careers guidance and opportunities
9. The school recognises that flexibility may be needed when responding to the needs of young carers.

## STRATEGIES

1. To include space on school application forms for parents to declare:
  - a) Whether or not their child is a young carer
  - b) Whether or not their child is registered as a young carer
2. To work with the local authority and [Kingston Carers](#) to ensure that Young Carers receive the support they need to succeed at school
3. To provide all relevant school staff with training around how to identify and support young carers
4. To create a young carer register accessible to all relevant members of the pastoral team and teaching staff via Sims

6. To appoint a young carer lead in the Senior Leadership Team who will be responsible for overseeing young carer provision (Helen O'Sullivan DHT)
7. To monitor the pastoral and academic progress of young carers and respond accordingly with appropriate intervention where necessary, for example to monitor the attendance of young carers and respond accordingly with appropriate intervention where necessary
8. To make reasonable adjustments to usual school policies and show flexibility on a case-by case basis regarding issues such as lateness to school, late homework and poor attendance
9. To ensure that young carers have access to the mental health support available across the school where necessary

10. To work with [Kingston Carers Network](#) to raise awareness of young carers and develop a culture of respect for young carers among the student community and also to encourage young carers to come forwards and make themselves known by delivering student assemblies and PSHE lessons
11. To support young carers in getting to and from the school where necessary
12. To ensure that young carers have the opportunity to contribute to the discussion around the school provision for young carers
13. To offer a programme of careers advice and guidance and, where possible, work experience placements
14. To add the pupil to the vulnerable pupils' list and ensure they receive access to HAF (holiday and food funding) where appropriate
15. The school will provide young carers with opportunities to speak to someone in private and staff will not discuss their situation in front of their peers. The school appreciates that young carers will not discuss their family situation unless they feel comfortable
16. The young person's caring role will be acknowledged and respected. The school will treat young carers in a sensitive and child-centred way, upholding confidentiality
